

The Visibility Engine

A content strategy that tells stories people want to be a part of.

WHAT'S THERE

Seven restaurants. A hotel. Real estate developments. A film company. Fifteen-plus nonprofit partners. A Philly story. A real mission that impacts real lives.

WHAT'S MISSING

A living narrative system that moves people from attention to activation.

WHAT THIS DOES

- Turns the portfolio into a single connected narrative
- Builds the audience infrastructure Roland owns forever
- Drives revenue across restaurants, hotel, and M Movement
- Makes Roland the developer Philadelphia calls — from City Hall to the Oval

THE TIMELINE

- | | |
|-------------------|---|
| Days 1–30 | Audit, brand voice, content calendar, story mapping, production briefing |
| Days 30–90 | Three flagship stories filmed and published. Daily distribution live. Roland on LinkedIn. |
| Day 90 | Evaluation checkpoint. Data reviewed. What worked, what to double down on, what's next. |
| Month 4–6 | Full cadence. Compounding reach. Pipeline converting. Engine running. |

FIRST MOVE: The Chef's Table— immediate revenue, mission tie-in, content long tail.

This is the media engine that makes the work visible, and valuable.

The Visibility Engine

The work is already being done. This is the system that lets the world see it.

01

THE MISSION

The M Movement in action. Real nonprofit work, real community stories. Emotional core of the ecosystem — and the front door for new audiences.

FIRST STORY

Liguori Academy — one day on-site with students and staff. Shot by Brevity Films or small crew. Becomes a 20-min YouTube doc, daily Reels clips, and a LinkedIn impact post from Roland.

The why. Everything else exists because of this.

02

THE TABLE

Chef-driven storytelling from Suraya, Kalaya, Pizzeria Beddia, and Picnic. Food is the highest-performing content niche on every platform.

FIRST STORY

Inside Nok's kitchen at Kalaya — one prep session, one story. Becomes a chef profile doc, 5 short-form clips, and a piece of anchor content for the Omakase launch.

The reach. Food content opens the door.

03

THE BUILD

Real estate, revitalization, and the founder's journey. Archway Hotel, Kassis developments, Fishtown. Roland's primary business engine.

FIRST STORY

Roland walks Archway Hotel — one morning, no script. Becomes a founder POV video, clips, a LinkedIn series opener, and a neighborhood revitalization story arc.

The depth. Turns audiences into partners.

ONE STORY

Captured once, distributed everywhere

THREE PILLARS

Every piece lives in one of three chapters

ONE MISSION

The M Movement anchors the ecosystem

COMPOUNDS OVER TIME

Stronger story = every brand inside grows

How Content Investment Flows Through the Ecosystem

One strong story, captured once — distributed everywhere, generating returns across every business.

The Real Estate Play

Real estate is the cash cow. The content infrastructure does one thing for Roland's primary business: it makes him the developer Philadelphia calls.

THE BRAND PIPELINE

Content Infrastructure Investment

\$25K/mo · Creative direction + production

Audience + Brand Equity Built

Owned media · Organic reach · Community trust

Roland = Philly's Mission Developer

Synonymous with doing good at scale

Roland Becomes the Developer Philly Calls

From the Mayor's office to the Oval — he's the name

Real Estate Projects Accelerated

More deals · Better terms · Financial partners

DEVELOPMENT ROI

Properties Are Pre-Sold Before They Break Ground

Content builds the audience and narrative that makes Roland's next development desirable before a lease is signed — to tenants, retail partners, and commercial lessees who want to be part of the story.

Investor & Capital Partner Attraction

A documented track record of mission-driven development — visible, press-validated, and publicly trusted — makes partnering with Roland more attractive to the investors and lenders who do diligence before they write a check.

CIVIC ROI

From the Mayor's office to the Oval — Roland needs to be the name that comes up.

That's not PR. That's the infrastructure that makes every future development project easier, faster, and more fundable. Doing this helps him do that.

"When a tenant rents a building, they're not just getting a space — they're helping put a roof over someone else's head."

One Activation. One Decision.

Start with a single activation that proves the engine — and gives Roland an immediate win.

THE ACTIVATION

The Chef's Table

An exclusive, theatrical chef-narrative dining series — three chefs, three stories, never repeated. Scarcity-driven. Documented as a mini-series.

Chef Nok · Joe Beddia · Nick Kennedy

20–30% of ticket revenue → M Movement nonprofit partner

SCARCITY · MISSION TIE-IN · DOCUMENTED CONTENT

WHAT IT PRODUCES

Immediate revenue

Ticket sales directly to Picnic

Earned attention

Talk-of-the-town activation in Philly

Mission tie-in

NGO fundraising baked into the event

Content long tail

Mini-series + clips fuel months of posts

THE ASK

EVERY DOLLAR HAS A JOB

Creative Direction (retainer) ~\$7–10K

Production (batch shoots) ~\$5–7K

Paid Boost / Ad Spend ~\$1–3K

Coordinator + analytics tools ~\$3–5K

Any unused production or ad spend rolls into the following month's campaign — every dollar works.

The first 90 days prove the engine: workflow, content buckets, production rhythm, posting, boosting, and early data.
